Hiroshima City

Hiroshima has a population of approximately 1.2 million people and celebrated the 400th anniversary of its founding in 1989. After experiencing total destruction of its urban area by the atomic bombing on August 6, 1945, Hiroshima rose from the ruins to establish itself as an "International City of Peace and Culture." It has continued to evolve as a beautiful metropolis with abundant greenery and rich culture that aims to make significant contributions to peace throughout the world.

HIROSHIMA and PEACE

広島と平和

August 2 - 10

3つのひかり 未来をつくる 広島市立大学 Hiroshima City University

Faculty of International Studies & Hiroshima Peace Institute Hiroshima, Japan

Course Description

Hiroshima is not merely a site memorializing its tragic atomic bombing in the last century, but a dynamic city in the new century, where students from diverse backgrounds can come together to study and discuss issues related to world peace. In this summer course, lectures will be given by specialists in peace research with particular reference to 1) cross-cultural perceptions; 2) perspectives on peace and violence; 3) nuclear weapons; 4) Fukushima and nuclear energy 5) experiences of survivors, 6) international law and 7) environmental issues. In addition to the lectures, the course will feature several special programs, including visits to the Atomic Bomb Dome and Peace Memorial Museum, participation in the Peace Memorial Ceremony on August 6th, and discussion with atomic bomb survivors. Both undergraduate and graduate students (in a master's or doctoral program) are eligible to earn credit in the course.

Course Objectives

undergraduate to explore contemporary issues relating to world peace in a global era. It is designed primarily for second- and third-year undergraduate students, who are expected to gain a deeper knowledge of the importance of peace-making by participating in lectures, discussions, and featured programs. The course will be conducted in English, so the ability to speak and write in English is essential

GRADUATE LEVEL: In addition to most of the undergraduate lectures and special programs, graduate students will attend several more advanced lectures and discussion sessions.

Assessment

Students' grades for the course will be based on the quality of their participation in the classes and activities. The grade will also be based on their participation and performance in a group project task where they will have the opportunity to show the knowledge and perspectives they have gained during the course.
